

## There Are Several Reasons

why Skaggs' Cash Stores can well afford to sell cheaper than other stores and still make something.

Think of the money spent by some concerns for fine equipment and the necessary expense for the upkeep.

The "we deliver the goods" and "free delivery" methods are costly to consumers, too.

Then the average grocer buys in small lots, oftentimes paying as much as our selling price. All these things combined with the average merchant's inefficiency and wasteful methods make it necessary for him to charge high prices.

## Efficiency and Economy Our Hobby

We avoid elaborate, expensive equipment. Our eatables are just as clean and taste just as well as when we had fine stores. No one knows better than our competitors that the expense of delivering groceries is heavy and that the cost must be borne by their patrons.

It is said that merchandise well bought is half sold. Perhaps that is why our groceries are so easy to sell. At any rate we know we save much through quantity buying for our various stores. If you are not already a patron it will pay you to investigate our prices and learn the joys of the right method of living, paying cash, and delivering your own groceries—saving money.

## BASKETBALL LEAGUE TO BE FORMED ON NEXT TUESDAY

There is to be a commercial basketball league in Ogden this winter, if plans now on foot are completed. Several business men have expressed a desire to become members of this league. Scowcroft's, the S. P. shops, the Eagles, Ogden Packing and Provision company, Utah Cereal Food company and several others have been mentioned as willing to put a team in the field.

Browning Brothers will offer a handsome trophy to be contested for and to become the property of the team winning it twice. This will be an extra large loving cup and well worth the efforts of the contestants.

It has been suggested that the management of the league be turned over to the local papers and that the officials be chosen from these two papers, with possibly an outsider included as a mediator.

The plans now under way call for a four-team league and it is thought the Armory hall can be secured by the league and that all games can be played there. This is thought to be a most excellent plan, as then there will be no advantages of a superior floor for any team.

Many of the men who have urged the formation of a league this winter are former college and high school players, a few having won their letters and this fact alone promises some most excellent contests.

All business houses and club wishing to enter men or a full team will have a representative at the meeting to be held at Browning Brothers' store on Hudson avenue, next Tuesday evening, December 4, at 7:30.

## THE OPENING OF NEW STORE

When T. C. Foley opened the doors of his new variety store this morning a crowd of people were waiting to be admitted. A large number of people had been at the entrance of the new place long before the time of opening.

## THIRTY CARLOADS OF CANNED TOMATOES ORDERED FROM OGDEN BY THE GOVERNMENT

Immediate movement of thirty carloads to Portland, Ore., and Seattle, Wash., from which they will probably be taken to Vancouver barracks, Camp Lewis, Fort Lawton and Bremerton navy yard, was ordered this morning by the United States government. This is the second large order received by the Utah canners for army purposes, the previous shipments having gone to Fort Omaha, Omaha, Neb.

Shipments will go to Seattle from the following plants: William Craig Canning company, Goddard Packing company, North Ogden Canning company, Perry Canning company, River Canning company, Wright-Whittier company, Jones & Dalton, Willard Canning company.

The shipments to Portland will be

and all day the store has been filled with customers.

For a number of days past Mr. Foley has been advertising the opening of his store, but he was greatly surprised and pleased to greet so many people on the first day of business. In advertising for help in the store Mr. Foley states that he received at least 250 applications and it was an easy matter for him to make a good selection of clerks.

This is a new venture for Mr. Foley but, judging from the business of the first day, he will surely be successful. The variety store is popular because in it are found a multiplicity of useful articles that come within the reach of the pocketbooks of all the people.

table exception at a loss of almost one point. United States Steel yielded half a point and kindred industrials about as much. The few slight gains included General Electric, Studebaker, Pennsylvania, Atchison and New Haven. Irregularity became more marked late in the afternoon because of the heavy volume of ship-

Liberty bonds were dull and variable. Stocks were irregular to heavy at the opening of today's short session, some leaders reacting a point and a few specialties as much as 2 to 3 points. Ralls also lost ground, especially Union Pacific and Baltimore & Ohio. Equipments were lower by 2 to 3 points and shippings averaged 1 to 2 points. Rallies in steels, Marine preferred, coalers and motors in the final hour effaced practically all losses. The closing was steady. Sales approximated 150,000 shares. Liberty 4's held at 97.76 to 97.80 and the 3 1/2's at 98.90 to 98.98.

**CHICAGO, Dec. 1.**—Favorable weather and a prospect of larger receipts next week gave an advance today to the bears in corn. Continued reports were at hand telling of a better supply of railway cars. Selling, however, was not of an aggressive sort. Opening prices, which ranged from the same as yesterday's finish to 3/4c lower, January \$1.20 1/2 to \$1.20 3/4, and May \$1.18 1/2 to \$1.18 3/4, were followed by declines all around.

Oats paralleled the action of corn. The market was poorly supported. Lower quotations on hogs weakened provisions. Later commission houses took the buying side in a moderate war, and steadied the market.
